HOW YOU CAN HELP

Now - Thursday, August 26, 2021

In 2020, the Metrocrest Services Food Pantry provided 25,638 of your neighbors with food and hygiene supplies (including toilet paper). Every year, toilet paper is one of the most expensive items for the pantry to purchase.

With your help, we can reduce this expense and use those funds for other community needs. **Will you help us collect 100,000 rolls of toilet paper by National Toilet Paper Day (Thursday, August 26, 2021)?**

Something you can get

BEHIND

We all have first-hand knowledge of what a precious commodity toilet paper can be as we experienced shortages during the pandemic, but for many--particularly seniors--on a regular basis, they have to choose between purchasing toilet paper or food or paying for their electricity bill. Your support helps ensure no one in our community has to make this difficult choice.
